

World Association for Disaster  
and Emergency Medicine

*Affiliate Organizations*

## **Mission:**

The World Association for Disaster and Emergency Medicine (WADEM) is an international, humanitarian association dedicated to the improvement of disaster and emergency health. Fostering international collaboration, WADEM strives to be inclusive, culturally sensitive, unbiased, ethical and dynamic in its approach. While individual members are active in field operations, WADEM remains non-operational, fulfilling its mission through:

- Facilitation of academic and research-based education and training;
- Interpretation and exchange of information through its global network of members and publications;
- Development and maintenance of evidence-based standards of emergency and disaster health care and provision of leadership concerning their integration into practice;
- Coordination of data collection and provision of direction in the development of standardized disaster assessment and research and evaluation methodologies;
- Encouraging publication and presentation of evidence-based research findings in scientific publications and international conferences and congresses.

*Revised, General Assembly, Lyon, France 12 May 2001*

## **Affiliation:**

WADEM has created a process for membership available exclusively to institutions and organizations who share an abiding interest and mission in advancing disaster and emergency health to its membership. WADEM created this “Affiliation” option to membership to help foster international collaboration and research with likeminded institutions and organizations.

In return for an annual membership from the parent Affiliate Organization, individual members of the Affiliate Organization receive a 20% discount off the WADEM annual membership and any WADEM-sponsored courses. Affiliate Organizations receive an organizational copy of *Prehospital and Disaster Medicine*, WADEM’s academic journal. WADEM will list the Affiliate Organization on the WADEM website and link to the Affiliate Organization’s website. Similarly, WADEM will promote events the Affiliate Organization is hosting on its website and to the WADEM membership.

The Affiliate Annual Fees are:

- \$300 USD registration for organizations with 40 members or less
- \$400 USD for organizations with 41 to 100 members
- \$500 USD for organizations with over 100 members.
